Rated 'Excellent'

What is accounting software?

Accounting software helps business owners and their accountants:

- process financial transactions, store financial data and automate bookkeeping
- run accounting tasks like invoicing, payroll, reporting and tax returns
- stay on top of tax deadlines and submissions

Introducing FreeAgent

FreeAgent is award-winning, UK-based accounting software designed to help small businesses stay on top of their finances and work more seamlessly with their accountants.

Whether you want to elevate your invoicing or get a clearer view of your cashflow, FreeAgent's features help you feel confident in your finances and run a better business.

Big features for small businesses

Nail the daily admin

Create and send invoices, capture and record receipts and bills, and easily reconcile bank transactions in just a few clicks.

Relax about tax

Avoid surprise tax bills with a real-time view of how much you owe and when it's time to file.

Take care of business on the go

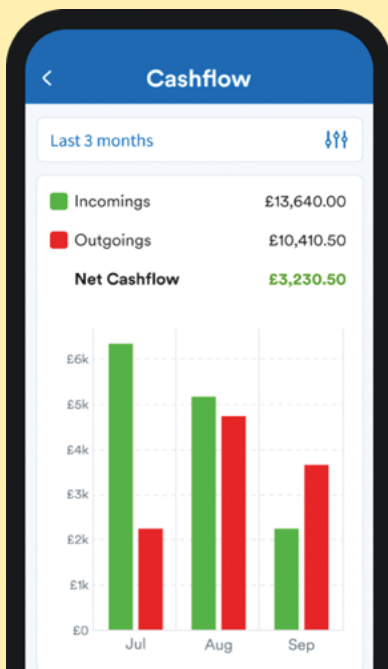

Use FreeAgent's mobile app to get a clear view of your cashflow, bank balances and more wherever you are.

Get connected

Import bank transactions automatically and connect to our market-leading integration partners.

Superhero support

Our friendly UK-based support accountants are ready to help online or over the phone while our Knowledge Base offers clear, step-by-step guidance to help you get the most out of using FreeAgent.

“

Simple to set up

FreeAgent is easy to use and my accountant can have access to the information they need. By having the mobile app too, I can add receipts on the go making this an easy process.
