Stay on top of your finances on the go

Use Smart Capture Unlimited to snap your receipts and bills - we'll extract the data!

FreeAgent's award-winning, easy-to-use accounting software helps you save time on your admin.

Process your receipts and bills

1. Take limitless photos of receipts or bills with Smart Capture Unlimited on the mobile app, or drag and drop files on the desktop version.

2. Smart Capture extracts key data, categorises with AI, and matches receipts to bank transactions.

3. Work smoothly with your accountant, reducing errors and saving time.

You can process up to 10 receipts and bills each month for free with your FreeAgent subscription.

But if you have a lot of expenses, the optional Smart Capture Unlimited add-on lets you process as many receipts as you like.
